

**HornerXpress, Inc.
and
Pool Pro Office, Inc.
Sign Agreement for Florida Distribution**

Pool Pro Office Available Through 12 Florida Sales Locations

Ft. Lauderdale, FL – June 20, 2007 – Pool Pro Office, Inc. has entered into an exclusive distribution agreement for the state of Florida with HornerXpress, Inc.

HornerXpress, Inc. will be the sole distributor of Pool Pro Office within the state of Florida.

Darren Goldstein, Vice President for HornerXpress said, “We are thrilled to offer our dealers a software solution to help better manage their businesses. Once fully integrated, this product will allow our customers the option of tying our inventories together and provide job costing.”

Mark Richter, Vice President for Pool Pro Office said, “We are excited about our partnership with Team Horner because of their commitment to their family of pool builders by assisting them to become more professional, efficient and profitable. Together we will revolutionize the way pool builders do business through technology. Pool Pro Office is the first full featured pool construction management software solution designed and developed by pool builders to assist them in managing and running their business any time and any where.

This is a win, win, win partnership.”

About Pool Pro Office

Pool Pro Office is a complete pool construction and service/warranty management solution. Pool Pro Office enhances the management of pool construction by tracking and storing a wide variety of data.

Pool Pro Office allows the pool professional to:

- create/track permitting,
- create draw schedule,
- receive draw payments,
- create change order,
- receive change order payment,
- archive pool drawings,
- schedule construction events and
- log electronic communications (email, fax, notes, etc).

With these great features all in one easy to use software solution no pool professional will need to look for the pesky job folder that never has the needed information ever again.

Pool Pro Office is a cross platform (runs on Mac OS X and Windows 2000) networked solution that runs on FileMaker Pro 8.5, the award-winning database software from FileMaker, Inc.
